A Good Chance .- We call attention to the pany to serve for twelve months, by Michael. VAUGHN, Esq. There are hundreds of young men in this city who should respond with alacrity to the Governor's call for more volunteers. Already married men are leaving their families to engage in the patriotic service of the country and in defence of the liberties of the people under a constitutional government. Let the young men not be outdone in such a noble enterprise. To all who desire to enter the lists as the voluntary champions of Freedom, we can give the assurance that they can find no better opportunity than by uniting with Mr. Vaccur in the formation of a Company. He will never see a comrade in arms suffer, without flying to his aid or assistance.

Union men of Louisville, Kv., have recently removed their large stock of dry goods to Cincinnati, and that Geo. D. Prentice is making arangements for another Connecticut rail-road excursion.

This man represented he was in great danger, and these hirelings nightly build a camp fire in front of Hodge's house and detail twenty-five men to watch over his household.
